# Organizational Membership

---

Oregon's Hub for Global Changemakers

## OUR MISSION

# Advancing your work

We are uniting the Oregon-based global development community into a thriving, collaborative, and high-impact network of people and organizations with global reach. Our Member Organizations are at the forefront of positive world change in over 60 countries, across the full spectrum of the Sustainable Development Goals.

We believe in the power of a strong professional network. Our community elevates ideas, facilitates connections, and inspires unique conversations.

We enhance your ability to change the world by putting resources at your fingertips, introducing you to cutting edge experts, and sharing your *calls to action* with an engaged and invested local network.

# ORGANIZATIONAL MEMBER Benefits

Three complementary strategic pillars underpin all of our engagement activities:

## Create space to explore global issues

GlobalPDX facilitates networking opportunities for our members to discuss their global work.

All individuals that work within Member Organizations receive free tickets to monthly Development Drinks.

## Foster individual + organizational growth

We create spaces for knowledge sharing which advances your programs and up-levels your staff.

All individuals that work within Member Organizations receive free tickets to expert-led Lunch + Learns, and can join our member-exclusive LinkedIn Group

## Promote collaboration for greater impact

Based on our belief in breaking the "zero-sum" fallacy of mission-driven work, we facilitate opportunities to collaborate for greater impact.

Only Members can create, join, and publicize GlobalPDX Working Groups which allow for in-depth collaboration around a particular topic, region, or professional role.
